EDUCATION

Noida Institute of Engineering and Technology — **Greater Noida, UP**
B.Tech in Computer Science Engineering (AIML) — *2022 - 2026*

Shri Vinayak Academy International Senior Secondary School, Orai — **Orai, UP**
Senior Secondary (Class XII) — *2021 - 2022*

Gurukulam Public School, Orai — **Orai, UP**
Secondary (Class X) — *2019 - 2020*

EXPERIENCE

LLM Post-Training Intern
Ethara AI

- Evaluated outputs generated by **Large Language Models (LLMs)** to improve response accuracy and alignment with human feedback.
- Contributed to **AI post-training data pipelines** by annotating and validating datasets used for model fine-tuning.
- Performed **prompt and response quality evaluation** to enhance reliability and factual correctness of AI model outputs.
- Collaborated with quality reviewers and project leads to maintain **high-quality AI training data standards**.

PROJECTS

Smart College AI Assistant

- Developed an **AI assistant** using **Python, LangChain, FAISS, and Streamlit** to answer questions from uploaded PDF documents.
- Implemented **Retrieval-Augmented Generation (RAG)** using **HuggingFace embeddings** and **FAISS** for efficient document search.
- Designed a simple rule-based routing mechanism to handle different types of queries such as **document-based** questions and **quiz generation**.
- Used an **LLM API** to generate explanations and create MCQ quizzes through an interactive **Streamlit** interface.

SafeNest - Property Rental Platform

- Developed a full-stack property rental platform using **Node.js, Express.js, MongoDB, and EJS**, implementing CRUD operations on listings and reviews.
- Implemented **session-based authentication** and **basic authorization**, ensuring that only logged-in users can perform actions and only the owner can update or delete listings.
- Designed **MongoDB schemas** to store and manage data for users, listings, and reviews.
- Used middleware for request validation, authentication, and handling application logic, improving application reliability.

TECHNICAL SKILLS

- **Languages:** Java
- **Frontend:** HTML, CSS, JavaScript
- **Backend:** Node.js, Express.js
- **Database:** MongoDB, MySQL
- **Core Concepts:** Data Structures & Algorithms, OOP, DBMS, Operating System, Computer Networks
